

CIWM (WAMITAB) Level 4 High Risk Operator Competence for Managing Hazardous Open Landfill

About this qualification

This qualification is part of the CIWM (WAMITAB) Operator Competence Scheme and is designed to provide technically competent people with the knowledge and skills to ensure waste sites comply with either:

- Environmental Permitting (England and Wales) Regulations
- The Waste Management Licensing (Amendment) Regulations (Northern Ireland) 2015

Achievement of this qualification demonstrates competence by the learner to manage permitted waste facilities in England, Wales, and Northern Ireland for Hazardous Waste Landfill (including Single Stream) activities.

Who is it for?

- Technically competent managers (TCM)
- Consultants
- Site managers and supervisors

What does this qualification cover?

To achieve this qualification, learners will need to complete the **eleven** mandatory units, before selecting **one** additional optional unit. These units cover topics like:

- Health and safety in the waste and resource management industry
- Managing the environmental impact of work activities
- Providing leadership and management in the workplace
- Managing the movement, sorting and storage of waste
- Improving waste management operations
- Controlling maintenance and other engineering operations
- Procedural compliance
- Responding to emergencies
- Managing the reception of hazardous waste
- Managing disposal operations
- Managing an inspection visit at your site from regulatory bodies
- Restoring and preparing landfill sites for aftercare
- Developing restoration and aftercare scheme for hazardous landfill sites
- Preparing landfill sites for the acceptance of hazardous waste

What are the entry requirements of this qualification?

This qualification is open entry. This means that learners interested in undertaking the CIWM (WAMITAB) Level 4 High Risk Operator Competence for Managing Hazardous Open Landfill do not require any other qualifications or levels of attainment. However, learners will need to be employed in a suitable position, or have access to the working environment, as the qualification is assessed 'on the job'.

What job role could this qualification lead to or support?

This qualification is ideal for new or experienced people managing waste and resource management operations that require evidence of their competence, knowledge, and skills to ensure waste sites comply with the relevant legislation in England, Wales or Northern Ireland.

What next?

Once you have achieved your Operator Competence qualification, you will be required to pass a Continuing Competence assessment every two years if you wish to act as the recognised technically competent manager (TCM) on a waste site. All TCM's must be able to demonstrate that they have kept their knowledge and skills up to date. (**Please note:** in Northern Ireland specific Continuing Competence arrangements have still to be determined).

You can also become a CIWM member and access an array of benefits tailored not only to provide you with all the tools you need to expand your knowledge, but also to boost your career.
